

Hoang Minh Duc

Principal Python Engineer | 11 Years Experience

duc.hm@email.com | +84 91 777 6655 | github.com/duchm | Ho Chi Minh City, VN

PROFESSIONAL SUMMARY

Principal Engineer with 11 years of experience shaping Python platforms at scale. Drives company-wide technical standards, mentors senior engineers, and owns cross-cutting concerns like observability, security, and developer productivity. Recognized open-source contributor with 2k+ GitHub stars.

WORK EXPERIENCE

Principal Python Engineer

VPBank (Digital Tribe)

Mar 2019 – Present

- Defined Python platform standards across 30+ microservices and 3 squads.
- Designed internal SDK (shared auth, tracing, config) cutting onboarding time by 70%.
- Led zero-downtime migration of core banking service (10M accounts) to async FastAPI.
- Established Secure SDLC: SAST, DAST, SCA gates in GitHub Actions pipelines.
- Mentored 10 senior engineers; authored 30+ RFCs and architectural blueprints.

Senior Python Developer

Techcombank Technology

Jul 2015 – Feb 2019

- Owned real-time fraud detection pipeline processing 20k events/sec.
- Introduced property-based testing (Hypothesis); uncovered 14 critical edge-case bugs.

Python Developer

FPT Software

Jan 2013 – Jun 2015

- Built ETL workflows and Django REST backends for 3 enterprise clients.

EDUCATION

M.Sc. Computer Science – HCMC University of Technology

2013 – 2015

B.Sc. Computer Science – HCMC University of Technology

2009 – 2013 | GPA 3.95/4.0

TECHNICAL SKILLS

Languages	Python (expert) Go Rust (learning) SQL
Platform Eng.	Internal SDKs OpenTelemetry eBPF Service Mesh
Architecture	Microservices Event Sourcing CQRS Cell-based Arch.
Security	SAST/DAST OAuth 2.0 / OIDC Secret Management Zero Trust

NOTABLE PROJECTS

PySDK Core (OSS) — Company-wide Python SDK for auth, tracing, and config; 1.2k internal installs/month.

async-secure-channel (OSS) — asyncio TLS client/server library; 2.1k GitHub stars.

CERTIFICATIONS

- Google Cloud Professional Data Engineer (2024)
- Certified Information Security Manager (CISM) (2023)
